General Specifications

- Display — 20mm digit LCD display, with white LED backlight
- Keyboard — 20keys(Membrane keyboard)
- Housing — ABS plastic
- Max. Divisions — 30,000d
- Load cell excitation voltage — 5V/150mA
- ADC update — $\leqslant 1/10$ second
- Operate Temp — $0°C \sim +40°C$
- Power — AC adapter (12V/500mA), rechargeable battery (6V/4Ah)
- Gross weight — 2.6kg
- Packing — Master carton packing, dimension $0.017m^3$
  Master carton 4 in 1 packing, dimension $0.084m^3$

- Responds quickly with accurate weights
- Application: 1. Piece counting 2. Preset tare 3. Piece checking alarm
  4. Accumulation 5. Weighing units conversion
  6.10 unit weigh memory function
- Battery provide up to 70 hours of continuous use (without backlight)
- Optional RS-232 communication interface, connect PC or printer
